

PEOPLE • GOVERNANCE • ENVIRONMENT

NATURE CARIBÉ is a network of Caribbean environmental organisations. The Group has been partnering together since 2013 and working on joint strategies in the following areas:

**SUSTAINABLE LIVELIHOODS
BIODIVERSITY CONSERVATION
ENVIRONMENTAL GOVERNANCE**

Together, the network's members pride themselves on researching and sharing knowledge, advocating and building capacity among each other and others in these key areas. They are leaders of on-the-ground, educational and outreach activities across the region.

OUR VISION

Nature Caribé is the leading Caribbean network catalysing regional cooperation, influencing policy and taking Collaborative action for conservation and sustainable use of the natural resources across the Caribbean Islands.

OUR MISSION

To collaborate as a network of Caribbean organisations addressing **Environmental Governance**, **Biodiversity Conservation**, and **Sustainable Livelihoods** through practical actions, research, knowledge sharing, capacity building, advocacy, education and outreach.
